WONDERGLASS

Designed by the internationally renowned French duo, Ronan and Erwan Bouroullec, Alcova is a collection of handcrafted, geometric objects whose groupings evoke landscapes. The designers describe the collection as “a series of coloured cast glass geometrical shapes that are organically composed. We approached this project in a brutal and primal way, working with the thickness of the material and letting the process guide us, seeking to preserve all the magic of molten glass in the hands of master glassmakers.”

MATERIALS

Handmade cast glass

DIMENSIONS

Dritto Short | W 700 x D 220 x H 500 MM | 27 Kg

Alcova | W 450 x D 220 x H 750 MM | 24 Kg

Dritto Tall | W 500 x D 220 x H 800 MM | 35 Kg

Cilindro S/L | Ø 120 / 160 x H 240 MM | 4.5 Kg / 6.5 Kg

Vaso S/L | Ø 120 / 160 x H 250 MM | 5 Kg / 7 Kg

Measurements provide good indication of the volumetric occupancy of items.
Due to the handmade nature of each piece, allow for a tolerance of +/- 20mm.

Glass thickness 20 / 25 mm
