---

WONDERGLASS

The essence of Oneness revolves around harmonising individual points. These points maintain their distinctness yet leverage the innate viscosity of the material to approach a state of limit. They converge without true connection, highlighting the existence of a fundamental human strive to draw closer one another. Within this metaphorical framework, elements such as breath, viscosity, containment, and the quest for unity embody the pursuit of a collective Oneness.

**Numbered edition.**

## MATERIALS

Body | Blown glass

Base | Marble

## DIMENSIONS

Model 01 | Ø 280 x 620 MM

Model 02 | Ø 290 x H 560 MM

Model 03 | Ø 290 x H 580 MM

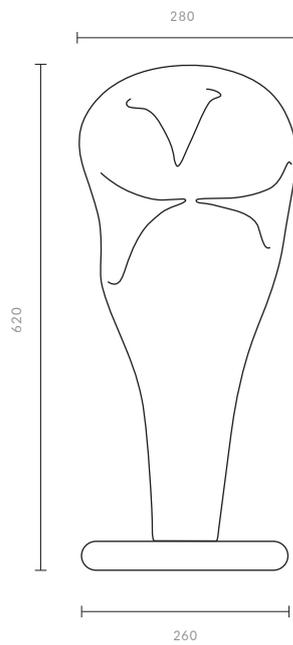

## COLOURS

Opaline
