ACCORDION 3

by Thomas Demand, 2022

WONDERGLASS

In Accordion, artist Thomas Demand explores two apparently discordant objects of inspiration: a musical instrument and a component part of electrical insulation. With a form vaguely and surprisingly reminiscent of squeezeboxes and insulators, Accordion plays with their shared geometric logic of folding as a source of creation – in the case of the former, the creation of dazzling soundscapes and, in the latter, symphonies of light.

Numbered edition.
