WONDERGLASS

Unlike other materials, glass shines best when left to be the living and breathing material that it naturally is. In its molten state, glass pools and flows just like a flowing stream. Cascade captures a slice of a flowing river and brings the beauty of nature into daily lives while still retaining its movement.

MATERIALS

Top | Cast glass

Base | Wood

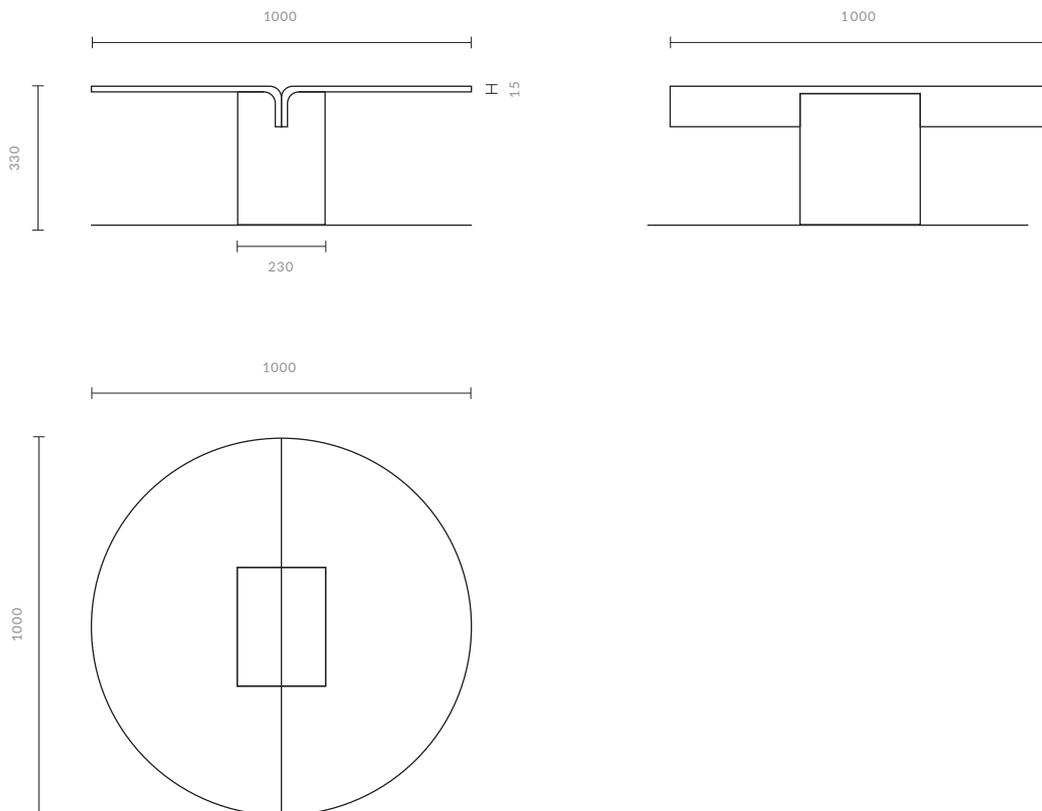

COLOURS

Top | Crystal

Base | Black

DIMENSIONS

D 1000 x W 1000 x H 330 MM
